My dear Sir

I have missed your name from my Lists for "The Phanix Nest" and for continuing my Green Series of Reprints. I have now, in consequence of your remittance of £2 put you down upon both Lists. That I presume is what you desire, and on Monday, if not earlier I will transmitt to you a copy of "The Phoenix Nest" and copies of

Nos 19 & 20 of my Green Series.

I hope that your health, (like mine, I thank God) continues good.

Yours very faithfully
J. Payne Collier

S. H. Barlow Esq.

"England's Helicon" our fifth old poetical Miscellany is far advanced in the press: if you want it you must send me another £1.
